The LHOA called Wildlife and Fisheries to remove alligators from our lakes. They removed 9 alligators from the two lakes. The largest was a little over 8 feet long. Wildlife & Fisheries allowed 3 small alligators to remain as they did not think they pose any threat to residents and will continue to eat snakes and beavers. Wildlife and Fisheries checked the private lake (north of Laurelwood) and found no alligators but a lot of damage from beavers.

Please pay your LHOA dues in full by August 1st. If payment is not received by August 15th, 2018, an additional late fee of \$10.00 will be assessed each month on past due balances.
